

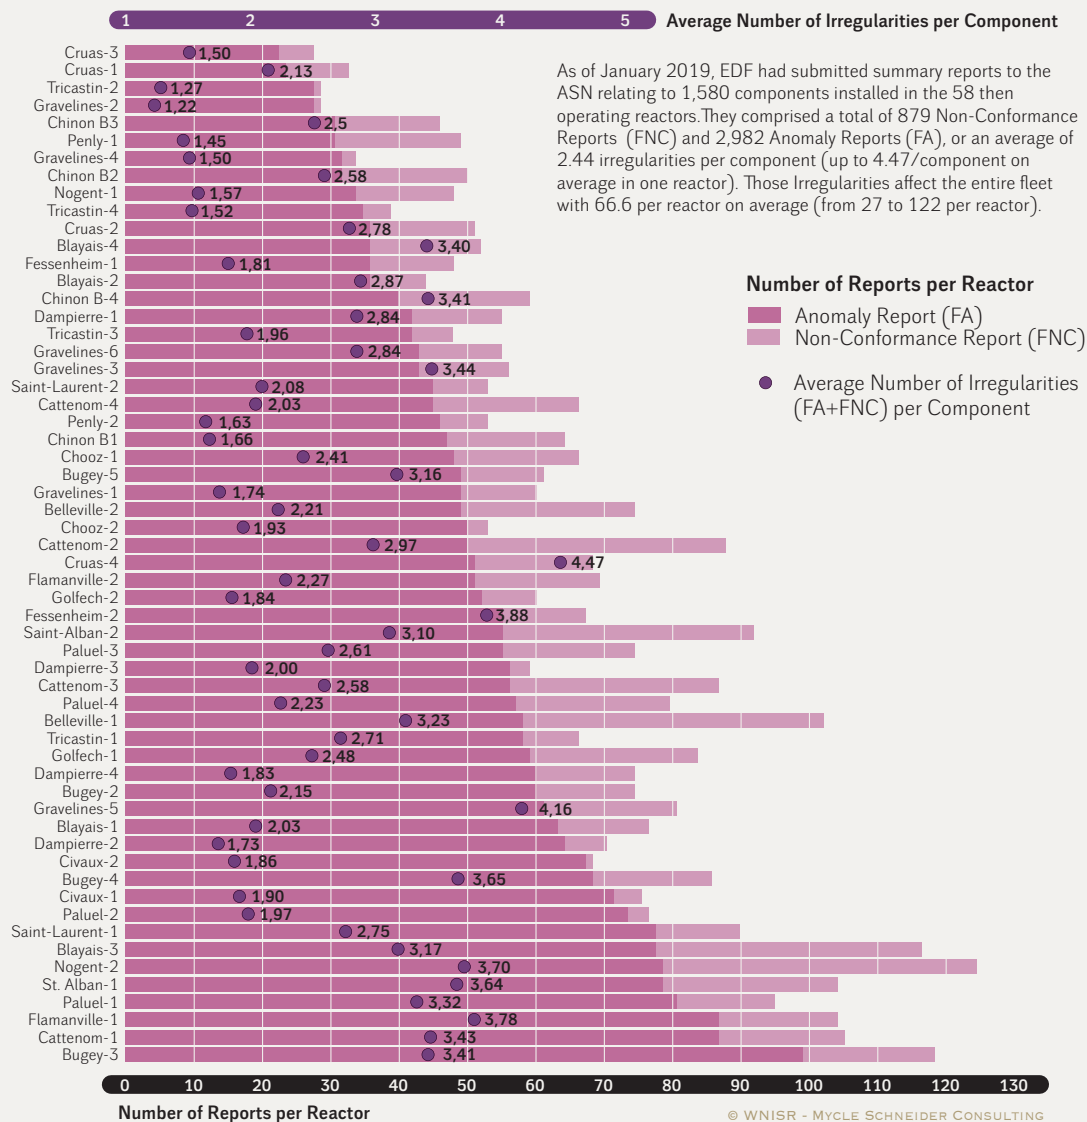

Figure 39 · Irregularities at the French Creusot Forge

Review of Manufacturing Records Relating to Components Manufactured at Creusot Forge

as of January 2019

Source: EDF, "Dossiers de fabrication", 2019

Notes:

Non-Conformance Report (FNC): a deviation is found which relates to one of the *manufacturer's own standards*.

Anomaly Report (FA): a component fails to comply with a *contractually binding or statutory requirement*.⁸⁷²

This figure does not cover the "Formal Deviation" category, when a deviation relates to contractually binding requirements that do not have any technical impact and which are obsolete. The number of Formal Deviations by reactor varies between 0 and 100 (25 on average).
