

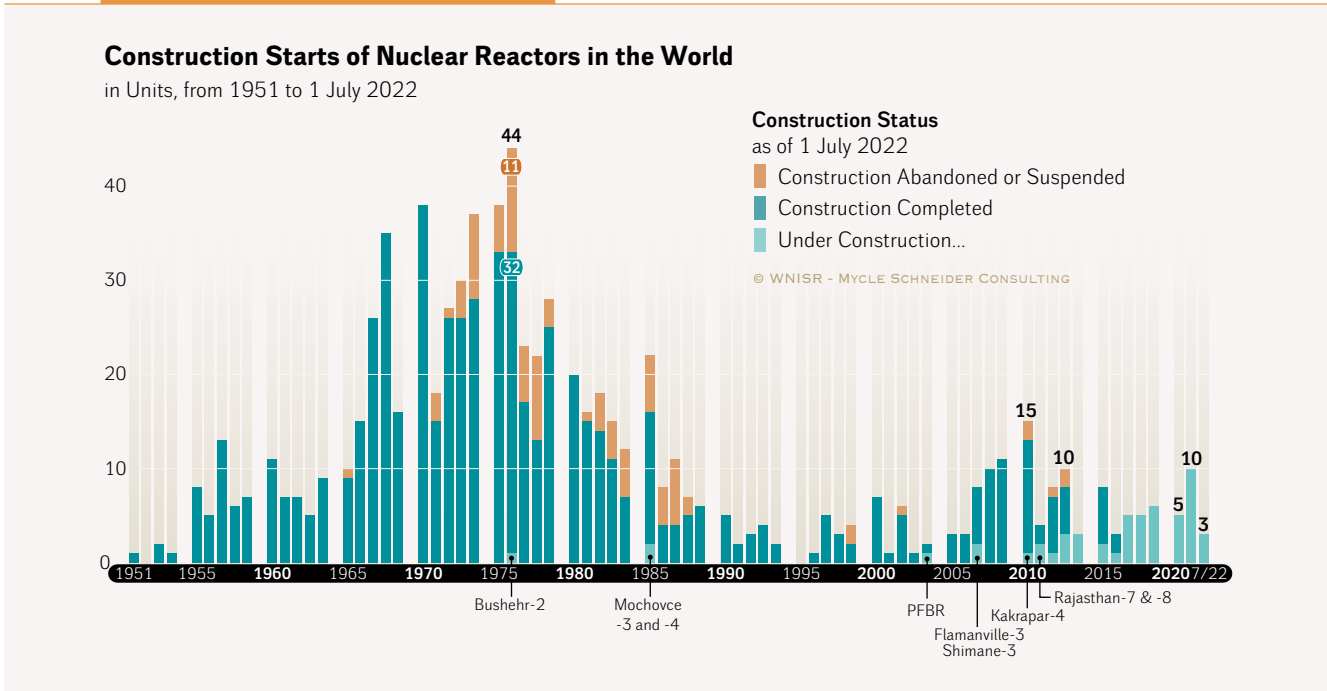

Figure 12 - Construction Starts in the World

Sources: WNISR, with IAEA-PRIS, 2022

Notes:

Construction of Bushehr-2, started in 1976, was considered abandoned in earlier versions of this figure. As construction was restarted in 2019, it now appears as “Under Construction”.

The Chinese project at Shidao Bay-1 is considered as two reactors, and construction starts in 2012 reflect this change.
