

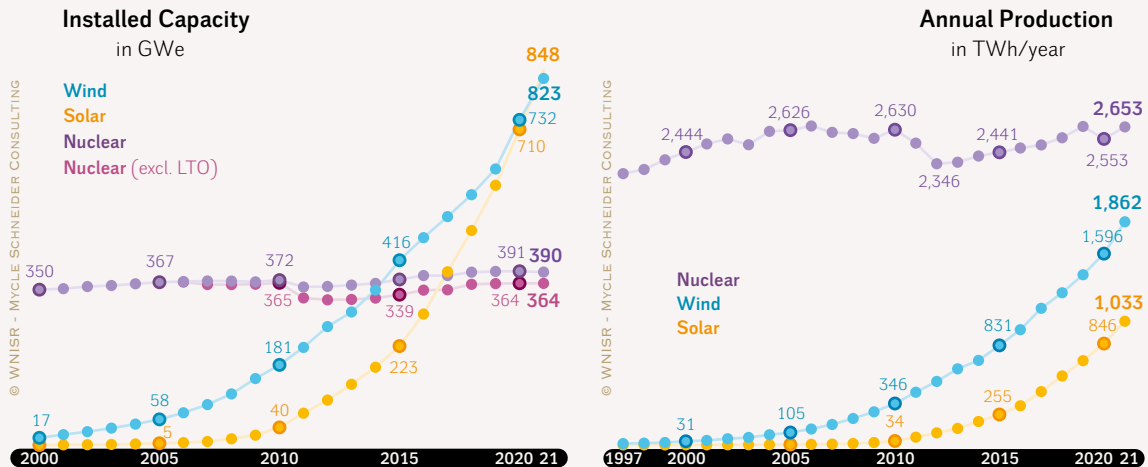

Figure 56 · Wind, Solar and Nuclear Installed Capacity and Electricity Production in the World

Wind, Solar and Nuclear Capacity and Electricity Production in the World

Sources: WNISR with IAEA-PRIS, IRENA, BP Statistical Review, 2022

Note: Unless otherwise indicated, production data for nuclear are net generation, according to IAEA-PRIS; renewables gross data (and gross production for nuclear when explicitly indicated) are from BP Statistical Review. Installed capacity data are from IRENA for wind and solar and based on IAEA-PRIS for nuclear.
